

G. LOVE & SPECIAL SAUCE, Sweet River

Let me swim in your sweet river
Deliver on to you
Take back all the wrong I've done
Then give his love just one more run
The moon is full with your green eyes
I surprised you baby
Take back all the wrong I've done
Give his loving just one more run
One more chance, baby
Let me swim in your sweet river
Wash away all of this pain
Whoah baby I did you wrong
But I never do that again
Take me like a mermaid
Should I jump in and leave the shore
I'm a swim and leave the shore
Baby, swimming for some more
Swim and leave the shore
Swimming for you girl, oh baby
You know what I mean
Let me swim for you girl
Cuz I love you
