Its time for chain gang

I'm saying mayne "Dont you tell me whats up"

[Chorus: 50 Cent]

Baby if you want it

That money

You can have it

But you got to fuck me now

Fuck me now baby

You can have it

But you got to fuck me now

Fuck me now baby

If you want it

[Verse 1: 50 Cent]

Psych we don't buy pussy bitch

This ain't Murder Inc. this is G Unit

We got hos from coast to coast

To stash the toast

I dare you to approach

I kill if provoked

You a joke

The fact that your stroke

Is on my album

Paid him fifty thousand

Told me how he tickled ya ass you fruit pop

You sing like you in love

You homo thug

The Ex make you feel like a don

An Elton John

[Chorus: 50 Cent]

Baby if you want it

That money

You can have it

But you got to fuck me now

Fuck me now baby

If you want it

Baby if you want it

That money

You can have it

But you got to fuck me now

Fuck me now baby

If you want it

[Verse 2: Lloyd Banks]

I play the club with a cup full of Hennessey

Nah, that bitch ain't my girl its just whenever i'm around she pretend to be

Look I don't dance much

I'm in the club with the toast if you wondering why i'm pullin' my pants up

Come alone niggas might ruin ya day

Cause they throwin' elbows while you doin' the shake

After the party i'm on the fence pissin'

Just because I like french fries don't mean I like french kissin'

Bitch

[Chorus: 50 Cent]
Baby if you want it
That money
You can have it
But you got to fuck me now
Fuck me now baby
If you want it

Baby if you want it
That money
You can have it
But you got to fuck me now
Fuck me now baby
If you want it

[Verse 3: Tony Yayo]
When the sun go down and ya ho ain't home
She with the G Unit getting her freak on
My NY shorty be on some jealous shit
But my L.A. bitch take that fella shit serious
I live on the tour bus and party on the plane
I got hos from Hawaii to motherfuckin' Spain
You can creep in the truck on the low from ya man
Cause all I want to do is get my nuts out the sand

[Chorus: 50 Cent]
Baby if you want it
That money
You can have it
But you got to fuck me now
Fuck me now baby
If you want it

Baby if you want it
That money
You can have it
But you got to fuck me now
Fuck me now baby
If you want it
