

G-Unit, Poppin' Them Thangs (Remix)

[Chorus: 50 Cent]

Every where we go through
The new black G6s on my whole crew
We hold it down like we supposed to
Everybody whos somebody be rockin' these man

[Verse 1: Lloyd Banks]

If you get around like I do
You in them black G6s with the sides blue
See we done remixed the G6 from the white and royal bottom
Hurry up and go get 'em cause you the only one without 'em
I'm a natural stunna yeah
Which means if I get a scratch on 'em then I'm going back for another pair
And if you're thirsty to shop
Just stay tuned
Cause we got a color scheme for every jersey you got

[Verse 2: 50 Cent]

I switch the style up
Son I teach you how to stunt
Got a bunch of 6s for every day of the month
Em said it then Dre said you 'gon like my style
GGGGGGG G Unit breakin' it down

[Verse 3: Young Buck]

I'm steppin' in my black G6s
They ridiculous
The blue and white ones already out come get with this
You see these other dudes
With they tennis shoes
But when you rockin' Reebok you know you can't lose
