

Gabe Lopez, Remedy

Im tired of waiting for a remedy,
Cause you wont give me what I need,
Ive been more than patient, its embarrassing,
I gotta find another find a lover.

Gotta get something I been missing,
Gotta get someone to take care of this thing,
Gotta get one thing I been needing,
Gotta find somebody, someone to assist.

Chorus:

Gotta find me a remedy,
Someone to fill my needs,
Gonna find me a remedy,
Somebody to fix this thing.

Im so tired of waiting for a remedy,
Im tired of faking, get me what I, what I, what I need,
Ive been more than willing, yeah, its a tragedy,
I gotta find another, find a lover.

Gotta get something I been missing cause Im tripping,
Gotta get someone to take care of this thing,
Gotta get something I been needing,
Gotta find somebody, someone to assist.

Chorus

Gotta find a remedy,
Gotta get a remedy,
Gotta get a remedy,
Gotta get a remedy, remedy.

Gotta get something I been missing,
Gotta find someone to take care of this thing,
Gotta get one thing I been missing,
Gotta find somebody, someone to assist.
