

# Gabrielle, I'm so glad

I can never be sure  
Why you make me feel the way I do  
It's the danger excitement  
I feel whenever I'm with you  
With you I always feel so good  
Some people say that  
you've brought me to life  
All I know is what I feel inside  
When I'm with you I'm  
on a natural high  
I'm so glad to be with you  
I wanna share everything you do  
So glad to be with you  
I wanna share in everything you do  
Share it with me baby  
You understand all my needs  
You're always there for me  
For you I'd do anything  
That you would ask of me  
Together we are a team  
Side by side I hope that  
we'll always be  
Good for each other we both agree  
That's why I'm so glad to be  
I'm so glad to be with you....  
I'm so glad to be with you....  
I wanna be by your side  
Wanna be with you tonight  
You're all I ever wanted  
Yes, you are all I ever wanted baby  
I wanna be by your side....  
I'm so glad to be with you....  
I'm so glad to be with you....  
I'm so glad to be with you....
