

Gabrielle, I Wanna Know

Holding back what you feel inside
It just ain't good, no, it just ain't right
Communication is the key, if I tell you will you tell me
Tell me how you feel, got to know what's on your mind
Tell me how you feel, 'cos it's no good to keep
Those thoughts locked inside because
I wanna know, I wanna know
Do you feel how I feel
I wanna know, I wanna know
I won't pretend that I know what you're all about
Why don't you share yourself, and you'll leave me in no doubt
Reveal your innerself, cast aside your mask
Show me just who you are
Is it really too much to ask
Tell me how you feel 'cos I want to know
What's on your mind
Tell me how you feel, 'cos it's no good to keep
Those thoughts locked inside
What are you like
I really must know
Emotions run deep
So let them flow
What are you like
I really must know
Tell me
Tell me how you feel
'Cos I want to know
What's on your mind
Tell me how you feel
'Cos it's no good to keep
Those thoughts locked inside
