

Gabrielle, Second Chance

Made a wish, I can dream
I can be what I want to be
Not afraid to live my life
And fulfil my fantasies
I learnt a lot of tricks to help me live my life
You helped me find my paradise
When you came I saw
Sunshine through my window
That's what you are
My shining star
Sunshine
Making me feel like
I'm on top of the world
Telling me I'll go far
Reaching out, for the highs
You inspired me to try
I felt the magic inside
And I felt that I could fly
I'm looking at the world in an optimistic light
You made me appreciate my life
'Cos when you came you were my
Sunshine through my window
That's what you are
My shining star
Sunshine
Making me feel like
I'm on top of the world
Telling me I'll go far
You are the calm
I am the storm
You are the breeze that carries me on
When I said a truth
You wink at me
You're there for me
Sunshine (oh yeah)
That's what you are
My shining star
Sunshine
Making me feel I'm on top of the world
Telling me that I'll go far
Sunshine through my window
That's what you are
My shining star
(Sunshine) Making me feel I'm on top of the world
Telling me that I'll go far
Sunshine through my window
That's what you are
My shining star
Sunshine
Making me feel I'm on top of the world
Telling me that I'll go far
Sunshine
My star, my star..
