Fukaku shizumari kaeru...
Tsutsumikomareta sora to karada
O kogasu taiyou, anata ga kieteiku
Nani o motome samayou no?
Hitorikiri no boku wa ...

Sameta hitomi no oku de nikushimi o dakishimenagara
Jibun o urandemo itami wa kie wa shinai
Eien ni ikiru kanashimi o dakishimete

Kieta kimi o omoitsuzukeru koto shika dekinakute
Boku no kawaru koto no nai kimi e no omoi wa
Fukaku fukaku ima mo,
Sou ... aishiteiru

Tsuki akari ni terasarete kuchizusanda kimi no na mo kaze
Ni sarawarete kieta.

Yoake ni hohoemu kimi ga oshietekureta ano uta o
Utaitusuzuke
Hoshizora ni kaeru namida o kazoeteta
Nando mo nando mo tada kurikaeshiteita yoru
Aa, fukaku fukaku ima mo
Sou ... aishiteiru.

It all becomes completely quiet
from the enwrapped sky and the sun that
Scorches the body, you are vanishing
What do you wander, searching for?
As for myself, all alone ...

Inside of cold eyes that are embracing hatred
Even if you despise yourself, the pain will not vanish
Embrace the eternal sadness

I can only keep remembering you who disappeared
My unchanging feelings towards you
Deeply deeply even now,

Yes ... I love you.

Illuminated by the moonlight, the wind even snatches away your name
That I sing to myself.

I keep singing that song that you taught me, smiling in the dawn
We were counting the tears that returned to the starry sky
That night just repeated over and over again
Ahh, deeply even now
Yes ... I love you.
