&lt;lyrics&gt;

Without really meaning to, I hold you, and your shoulders are so warm  
Close to your ear I whisper, I want to stay like this forever  
You nod just slightly, and smile to cover your embarrassment  
Today, let's make an afternoon for just the two of us, just like this

The first time I touched you, I felt the same wind  
Our hearts, wounded by solitude, will keep guiding us

I hold you, embracing you in the warmth flowing from my body  
I want to love you, no matter the time, or where you are all of you, for always.

Standing with you at the window, we gazed out at the evening twilight  
Let's keep walking together, just like this

These overflowing tears, this sadness, I bear the weight of it all  
You don't have to cry alone, you know  
Because I'm right here by your side.

I hold you, embracing you in the warmth flowing from my body  
I want to love you, no matter the time, or where you are all of you, for always.

I hold you, embracing you in the warmth flowing from my body  
I want to love you, no matter the time, or where you are all of you, for always.
