

Gackt, To Feel The Fire

Cause when I look inside my heart and I tell the truth to me
Loud and clear my soul cries out with total honesty
I need the fire,fire,fire to keep me warm
I got to feel the fire
My outer self looks happy as can be
A perfect dream love as clear as all can see
But just like that,real,has hit me suddenly
My outer is a liar

Cause when I look inside my heart and I tell the truth to me
Loud and clear my soul cries out with total honesty
I need the fire,fire,fire to keep me warm
I got to feel the fire

My smiling face,with laughter on the side
You'd say no doubt I get passion every night
But if in our bed your arms don't hold me tight
Means it leaves much to be desired

Cause when I look inside my heart and I tell the truth to me
Loud and clear my soul cries out with total honesty
I need the fire,fire,fire to keep me warm
I got to feel the fire

And if you look into my eyes and you told yourself the truth
You can't make a body hot if you don't light the fuse
I need your fire,fire,fire to keep me warm
I got to feel the fire

It don't take a rocket scientist to know
that if you don't fan the flame then the fire will eventually go

Cause when I look inside my heart and I tell the truth to me
Loud and clear my soul cries out with total honesty
I need your fire,fire,fire to keep me warm
I got to feel the fire

Cause when I look inside my heart and I tell the truth to me
Loud and clear my soul cries out with total honesty
I need your fire,fire,fire to keep me warm
I got to feel the fire
I need your fire,fire,fire to keep me warm
I got to feel the fire

To keep me warm,I got to feel it.. fire!
