

Gadjits, Forever

I belong to you forever, I'll never let you go.
I belong to you forever, ooh I love you so.
I wish I could be just like the other boys
And take you out to dinner and buy you expensive toys
But I'm a poor man in a good band
I don't have lots of money
But I could be the richest man if you would be my honey.

(chorus x2) I belong to you forever, said, ooh I love you so
I belong to you forever, I'll never let you go

Take me, I'm yours and everything will be fine.
Take me, I'm yours and I can be sublime
Take me, I'm yours and everything will be quite alright.
Take me, I'm yours and I can be sublime
(chorus)
