

# Gadjits, Wise Up

I'll sit forever if it takes you that long  
To realize that we might be all wrong  
I'll never say what you've suspected all along  
I'm the part of you that does not belong

When you wise up, I'm out the door  
You can't live this lie anymore  
I've seen you around with some other guy  
Suspecting vaguely that you're going all the way  
I'd die if I saw his car outside your place  
Whoever I'm with from now on I'll look upon and see your face

People cry all the time  
Hell, I do it every night  
How can you ask me what makes these
