

Galneryus, Rain of Tears

I. Reminiscence

☐ Rain Of Tears

As sworn allies, we fight Never been apart
Winning is the only way For us to live
Those of who lost their lives Live in our minds
Everything I have seen Still not the past
Grieving rain of tears (Rain of tears)
Just falling on me (Falling on me)
Piercing my heart It flows to the sea (To the sea)
Grieving rain of blood (Rain of blood)
Just wearing for me (Wearing for me)
Dyeing my soul And it flows to the sea

☐ Nightmare

☐ Endless Confliction

Darkness Sadness Madness Ruthless Endless confliction
Darkness Sadness Madness Ruthless Endless confliction
Darkness Sadness Madness Ruthless Endless Canfictionion
(Wanna) go away Far away Run away Turn away my hideous memories
We both swear that we'll fight forever It fills us with energy
Darkness Sadness Madness Ruthless Endless confliction
(Wanna) go away Faraway Run away Turn away my hideous memories
We both swear that wall fight forever It fills us with energy
The time's ready for a sortie again We will lead to the win
