

# Gamu, Shake the Room

I got me a big ole megaphone  
To let the whole world to get up and get down  
Forget the radio, I got my gramophone  
So bring your Marvin, Aretha and James Brown  
I got the beat to make you sick with the kicks now  
I got the beat to make you shake your tail feather  
Let's take it back, old school, hip hop, come on now  
We'll mix it all together

I said boom, boom, then you shaking the room  
I said boom, boom, then you shaking the room  
Boom, boom, shake, shake the room  
Boom, boom, baby shaking the room  
I said lady shake your tail feather  
Shake it night and day  
Boom, boom, then you shaking the room

Hey ladies, get in your mamma's closet  
Pull out a chic dress, with a locket on it  
And fellows, put on a sharp suit  
And we'll be rocking our look right, get sexy too  
And there ain't no better feeling  
Like when you're twisting, hitch hocking to the groove and jiving  
I wanna throw a Donatina  
So come on everybody say yeah

I said boom, boom, then you shaking the room  
I said boom, boom, then you shaking the room  
Boom, boom, shake, shake the room  
Boom, boom, baby shaking the room  
I said lady shake your tail feather  
Shake it night and day  
Boom, boom, then you shaking the room

Yeah, now, baby, yeah, come on now  
Shake your boom boom, shake your boom boom  
Come on, put your hands together

We got a beat that will make you hit the floor  
Make you wanna ask for more  
We spinning round in circles, baby making you dizzy for sure  
'Cause we got those lips blazing  
We standing here arisen  
And you can never stop this old school party crazy

Shake you tail feather, shake it night and day

I said boom, boom, then you shaking the room  
I said boom, boom, then you shaking the room  
Boom, boom, shake, shake the room  
Boom, boom, baby shaking the room  
I said lady shake your tail feather  
Shake it night and day  
Boom, boom, then you shaking the room
