

# Gandharvas, The Very Thing

Something more than an absence  
Nothing less than not being there.  
All I know is that to me you were never all for nothing.  
Nothing more than an empty offer  
Something less received in full.  
All i fear is that you will be the very thing i cannot endure...  
All for nothing when there's something  
In the lack of all together  
For something when there's nothing  
But the lack of all together. Together.  
Aleeeeeeeeeeeeeeeee!!!!
