

Garbage, Sex Never Goes Out Of Fashion

She's the kind of girl who likes to do it stand up
From the back or anyway you want it, love
From the top if you keep it going all night
You're as good as the next for a fun time

Lookie here like a rabbit on the dancefloor
Party girl like you comin' in the back door
"C'mon boy, give it good, give an encore.."
Never leave a hungry sister begging one more

You keep it up and she'll beat you at your own game
Flip a switch and she's crying out her own name
Keep a lady happy as a little lamb
Give her head and you're riding on a sure shot

It's a sure shot
honey, it's a sure shot
It's a sure shot
sure shot
sure shot

It's a sure shot
honey, it's a sure shot
It's a sure shot
sure shot
sure shot

It's a sure shot
honey, it's a sure shot
It's a sure shot
sure shot
sure shot

"Wham bam slam it like a mama's man
Baby's on her back doin' the can-can
Such a babe-ilicious poco loco
Make her bob, make her beg and sweat it hardcore
honky tonky lovin' keep her tembling
Funky style is never out of fashion, man
Keep it fresh with something for the weekend
Get some, daddy... you're riding on a sure shot

It's a sure shot
honey, it's a sure shot
It's a sure shot
sure shot
sure shot

It's a sure shot
honey, it's a sure shot
It's a sure shot
sure shot
sure shot

It's a sure shot
honey, it's a sure shot
It's a sure shot
sure shot
sure shot
