

Garbage, Shut Your Mouth

Welcome

We love you

We hate you

We love you

We want you

We need you

We wish we were like you

They say you're a saint

You're a whore

You're a sinner

That he had you

He made you

He can't live without you

Would you confess if we asked

That you nurture the urge

To declare that it's time

To settle down

With a man of your own

You want a baby

A family

A piece of security

Shut your mouth

Try not to panic

Just shut your mouth

If you can do it

Shut your mouth

Try not to panic

Just shut your mouth

If you can do it

Just shut your mouth

What's your opinion of the dire situation

In our land here

Our guest here

Of course you'll be nice here

How do you feel about God and religion

Are you good people

Bad people

Guess it doesn't matter people

Your place

My place

Make her bring that famous face

You got some

You want some

You wanna let me get you some

We know your music but of course we'd never buy it

It's too fake man

Right man!

(We don't give a fucking damn)

Shut your mouth

Try not to panic

Just shut your mouth

If you can do it

Shut your mouth

Try not to panic

Just shut your mouth

If you can do it

I hear you say it

Play it smart girl

Win the game love

Give'em what they want

What they want to see and you could be a big star
You could go far
Make a landmark
What have you been reading you smart girl?
Win the game love
Give'em what they want
What they want to see and you could be a big star
You could go far
Make a landmark
Make a shitload

And the world spins by
With everybody moaning
Pissing, bitching and everyone is shitting
On their friends
On their love
On their oaths
On their honor
On their graves
On their mouths
And their words say nothing

Shut your mouth
Try not to panic
Just shut your mouth
If you can do it
Shut your mouth
Try not to panic
Just shut your mouth
If you can do it
Just shut your mouth

I wanted to say something
Oh shut your mouth
I wanted to say something
Just shut your mouth
I wanted to say something
Oh shut your mouth
I wanted to be something
Just shut your mouth
