

# Garbage, Shut Your Mouth

Welcome  
We love you  
We hate you  
We love you  
We want you  
We need you  
We wish we were like you  
They say you're a saint  
You're a whore  
You're a sinner  
That he had you  
He made you  
He can't live without you  
Would you confess if we asked  
That you nurture the urge  
To declare that it's time  
To settle down  
With a man of your own  
You want a baby  
A family  
A piece of security

Shut your mouth  
Try not to panic  
Just shut your mouth  
If you can do it  
Shut your mouth  
Try not to panic  
Just shut your mouth  
If you can do it  
Just shut your mouth

What's your opinion of the dire situation  
In our land here  
Our guest here  
Of course you'll be nice here  
How do you feel about God and religion  
Are you good people  
Bad people  
Guess it doesn't matter people  
Your place  
My place  
Make her bring that famous face  
You got some  
You want some  
You wanna let me get you some  
We know your music but of course we'd never buy it  
It's too fake man  
Right man!  
(We don't give a fucking damn)

Shut your mouth  
Try not to panic  
Just shut your mouth  
If you can do it  
Shut your mouth  
Try not to panic  
Just shut your mouth  
If you can do it

I hear you say it  
Play it smart girl  
Win the game love  
Give'em what they want

What they want to see and you could be a big star  
You could go far  
Make a landmark  
What have you been reading you smart girl?  
Win the game love  
Give'em what they want  
What they want to see and you could be a big star  
You could go far  
Make a landmark  
Make a shitload

And the world spins by  
With everybody moaning  
Pissing, bitching and everyone is shitting  
On their friends  
On their love  
On their oaths  
On their honor  
On their graves  
On their mouths  
And their words say nothing

Shut your mouth  
Try not to panic  
Just shut your mouth  
If you can do it  
Shut your mouth  
Try not to panic  
Just shut your mouth  
If you can do it  
Just shut your mouth

I wanted to say something  
Oh shut your mouth  
I wanted to say something  
Just shut your mouth  
I wanted to say something  
Oh shut your mouth  
I wanted to be something  
Just shut your mouth
