

# Gareth Gates, All Cried Out

Tear drops in my eyes  
came everyday with the sunrise  
it's been that way as long as you've been gone  
i thought the day would start same as the others falling apart  
i thought i barely would be hanging on

something's changed  
feels so strange  
swimming through an ocean of pain  
then suddenly here's the sun

Maybe i had enough of ya  
maybe i'm tired of dreamin of ya  
maybe i've gotten over your goodbye by now  
Baby i couldn't live without you  
not when i think a bout you  
my eyes are dry somehow  
maybe i'm all cried out  
(i'm only human)  
All cried out  
(of flesh and blood a man)

i don't know what it is  
why i'm no longer missin your kiss  
feels mysterious and so damn good

something's changed  
feels so strange  
swimming through an ocean of pain  
then suddenly here's the sun

Maybe i had enough of ya  
maybe i'm tired of dreamin of ya  
maybe i've gotten over your goodbye by now  
Baby i couldn't live without you  
not when i think a bout you  
my eyes are dry somehow  
maybe i'm all cried out  
(i'm only human)  
All cried out  
(of flesh and blood a man)

my heart has finally walked away  
it's gone from the scene of the crime  
it's finally found the perfect place  
for leaving you far behind  
Baby maybe i
