

Gareth Gates, Christmas To Remember

oh baby

yeah yeah yeah yeah

its cold, outside,
the winter snow is falling
hills and trees are covered, in white,
but in, my heart,
a gentle flame is burning,
like a candle glows in the dark.

let it snow, all night long
let this christmas, be the one
that we hold inside our hearts
for years to come.

ohhhhhhhhhh,

(chorus)
so make my wish come true,
and let your heart be mine tonight
thats all i want from you,
to be forever by your side.
so say you want it to
lets make this december,
the christmas we'll always remember.

another year, rushed by,
so many things i want to,
do with you in so little time,
mistletoe, christmas songs,
let it play, on and on,
let the good times ring aloud,
for years to come.

ohhhhhhhhhhhh,

(chorus)
so make my wish come true,
and let your heart be mine tonight
thats all i want from you,
to be forever by your side.
so say you want it to
lets make this december,
the christmas we'll always remember.

heres to a christmas we'll picture together,
time after time,
(time after time)
the one we'll remember, we'll always remember,

(chorus) (fade till the end)
so make my wish come true,
and let your heart be mine tonight,
thats all i want from you
to be forever by your side.
so say you want it to
lets make this december,
the christmas we'll always remember.
