

Garth Brooks, Shes Every Woman

She's sun and rain, she's fire and ice
A little crazy but it's nice
And when she gets mad, you best leave
She's so New York and then L.A.
And every town along the way
She's every place that I've never been
It needs no explanation
'Cause it all makes perfect sense
For when it comes down to temptation
She's every place that I've never been
No it needs no explanation
'Cause it all makes perfect sense
When it comes down to temptation
She's anything but typical
She's so unpredictable
Oh but even at her worst it ain't that bad
She's as real as you and me
