

Garth Brooks, What She's Doing Now

Last time I saw her it was turnin' colder
But that was years ago
Last I heard she had moved to Boulder
But where she's now, I don't know
But there's somethin' 'bout this time of year
That spins my head around
Takes me back, makes me wonder
What she's doin' now

CHORUS

'Cause what she's doin' now is tearin' me apart
Fillin' up my mind and emptying my heart
I can hear her call each time the cold wind blows
And I wonder if she knows... what she's doin' now

Just for laughs, I dialed her old number
But no one knew her name
Hung up the phone, sat there and wondered
If she'd ever done the same
I took a walk in the evenin' wind
To clear my head somehow
But tonight I lie here thinkin'

CHORUS x 2
