Garth Brooks, What She's Doing Now

Last time I saw her it was turnin' colder But that was years ago Last I heard she had moved to Boulder But where she's now, I don't know But there's somethin' 'bout this time of year That spins my head around Takes me back, makes me wonder What she's doin' now

CHORUS

'Cause what she's doin' now is tearin' me apart Fillin' up my mind and emptying my heart I can hear her call each time the cold wind blows And I wonder if she knows... what she's doin' now

Just for laughs, I dialed her old number
But no one knew her name
Hung up the phone, sat there and wondered
If she'd ever done the same
I took a walk in the evenin' wind
To clear my head somehow
But tonight I lie here thinkin'

CHORUS x 2
