Gary Allan, Wrecking Ball

I shoulda known when I caught the glance
That girl just wasn't no count
I shoulda run but she started to dance
That's when the money ran out

Well, she's a heartbreaker, I'm a mess
She's a tornado, I'm a trailer house, that girl's a hurricane in a dress

Chorus:
And she blows into town, loves me up and down
Just to watch me fall
She picks me up and then knocks me down again
I'm a wreck y'all, she's a wreckin' ball

She makes it easy to come down hard
She got me all tore up

I'm just a sucker with a stupid heart
Who can't get enough

Well, she's a heartbreaker, hell on wheels
She's a bulldozer, I'm just in the way of a steamroller in heels

Repeat chorus

And she's a heartbreaker, I'm a mess

Repeat chorus twice

I'm a wreck y'all
Better watch out for that wreckin' ball
Whoa, I'm mess
She's a wreckin' ball
