Gary Numan, Berserker

And this is my story My face, the picture's changed Do you remember me Now I'm fighting to breathe It's been such a long time

Do you want to come Do you want to come Do you want to come with me

Nothing here for me now I can't belive the noise We'll take this place apart I know they'll find me soon

But now the weakness comes I'll question everything I'll trade new dreams for old I've been waiting for you I've waited far too long
