

Gary Numan, Fold

I fold your letter
All lies, all cold
I fold my memories
My life, my soul

I fold compassion
And vengeance bleeds through
I fold forgiveness
And wait for you

Do you hear me?
Can you hear me fall?
Do you feel me?
Can you feel at all?

I hear you calling
I hear you calling

I fold all reason
Screaming your name
I fold Your heart and
Feed on your pain

I hear you calling
I hear you calling

Can you feel?
Can you feel?
