

# Gary Numan, The Iceman Comes

The iceman comes  
Someone is out there  
They'll wait and won't make mistakes

The iceman comes  
My head runs empty  
Oh I've got the fear

The iceman comes for me.

The iceman comes  
Blow dust off your stories  
I could give in

The iceman comes  
I'll send, you'll take  
Is this such dark business?

The iceman comes for me.
