

# Gary Numan, This Is My House

I read a book  
About conversation and you  
I listen to  
Stories that intrude on my heart again

This is my house  
Welcome is here  
This is my house  
Welcome to me

My picture of your face  
Will disappear with time  
Patience in eyes  
That say occupied  
Quite peculiar

This is my house  
Welcome is here  
This is my house  
Welcome to me
