

Gate 9, Vivid Void

Hey man, the sun rises in horizons
In a new dimension of time
The clock ticks like a pulsar drop beat
Our planet is out of its orbit

(Ref:)

Our journey starts as we leave our planet,
A forth dimension, an eclipse of time
Let the planet rest in cosmic sleep
As we crown us kings in a power stream.

Sucked up in the power vacuum
Loaded in negative energy,
The fourth dimension is our home
And the we black sun that we now obey.

(Ref:)

Our journey starts as we leave our planet,
A forth dimension, an eclipse of time
Let the planet rest in cosmic sleep
As we crown us kings in a power stream.

Vivid void, vivid void.....
