

Gavin DeGraw, Follow Through

(G. DeGraw)

Oh, this is the start of something good
Don't you agree?
I haven't felt like this in so many moons
You know what I mean?
And we can build through this destruction
As we are standing on our feet
So since you want to be with me
You'll have to follow through
With every word you say
And I, all I really want is you
For you to stick around
I'll see you everyday
But you have to follow through
You have to follow through
These reeling emotions they just keep me alive
They keep me in tune
Oh, look what I'm holding here in my fire
This is for you
Am I too obvious to preach it
You're so hypnotic on my heart
So since you want to be with me
You'll have to follow through
With every word you say
And I, all I really want is you
For you to stick around
I'll see you everyday
But you have to follow through
You have to follow through
The words you say to me are unlike anything
That's ever been said
And what you do to me is unlike anything
That's ever been
Am I too obvious to preach it
You're so hypnotic on my heart
So since you want to be with me
You'll have to follow through
With every word you say
And I, all I really want is you
For you to stick around
I'll see you everyday
So since you want to be with me
You'll have to follow through
With every word you say
And I, all I really want is you
For you to stick around
I'll see you everyday
But you have to follow through
You have to follow through
You're gonna have to follow
Oh, this is the start of something good
Don't you agree?
