

Gavin Friday & The Man Seezer, A Thousand Ye

A sweet kiss said forget me not
When love spoke I knew no wrong
But that was once upon a dream come true
A long time ago
Baby's sick
Baby's cold
Baby's feeling blue
For what seems like a thousand years
Dreams for those
Who sleep at night
Lovers kiss, dreams entwine
In the dark I wait at night
For your call
Will you call
You never call (my name)
Lying weak on my bed alone
Moonlight keeps me warm

As I wait for a thousand years
? ? ?
? ? ?
? ? ?
Dreams for those
Who sleep at night
Lovers kiss, dreams entwine
In the dark I wait at night
For your call
Will you call
You never call(ed) (my name)
Love is cruel
Love's a liar too
But a fool can see no wrong
So I'll wait for a thousand years
Yes I'll wait for a thousand years
