

# Gavin Friday & The Man Seezer, Angel

Angel.... hold on to me, love is all around me  
Angel.... hold on to me  
Oh come.... closer to me.... don't go, don't leave me  
Angel.... hold on to me, love is all around me  
So silent your love, like the stars above

So silent your love.... hold on.... hold on.... to me  
Angel.... hold on to me, I call, call out to you  
Its paradise, you take me to  
'cause my love for you love will always be
