

Gavin Mikhail, Stay

We've come this far
And it's so clear
That we are everything you hoped for,
loved, and feared
And I don't know
The reasons why
All this time it goes by slowly
And we don't see
Much to fight for...

What if I get lost here?
Without you nearby could I still breathe?
Please tell me...

If I would stay here and wait for you
Would you stay here and wait for me?
Could you stand and believe in the
face of all you never wanted
This life I lead...

I owe so much
To who you are
And, though I've fallen time and time again
You've picked me up and brought me far
I'm safe
And still you fight
And every time you give, I live to find my way
I try to make things right...

If I get lost here?
Without you nearby could I still breathe?
Please tell me...

If I would stay here and wait for you
Would you stay here and wait for me?
Could you stand and believe in the
face of all you never wanted
This life I lead...

I'm sorry for the times that I could not prepare you
For every little thing that I could not decide
No not for us
I am not the one who fights
To keep our love awake and still alive
But someday soon we'll be alright...

What if I get lost here?
Without you nearby could I still breathe?
Please tell me...

If I would stay here and wait for you
Would you stay here and wait for me?
Could you stand and believe in the
face of all you never wanted
This life I lead
Never wanted this life I lead
Never wanted this life I lead...
