

Gay Dad, Jesus Christ

Jesus Christ
how a good man got to be
Jesus Christ
they really took the ground from me
because we all need somebody
when the road gets a little rocky
Jesus Christ
make a good man out of me
save my life
I as scared as I can be
save my life
take this longing out of me
because we all need somebody
when the waves get a little rough
save my life
make a good man out of me
please
and I should have told you
that things were going wrong
and I should have asked you
for direction all along
just a minute of your time would comfort me
kill the emptiness
oh I need some harmony
some harmony
Jesus Christ
make a good man out of me
and I should have told you
that things were going wrong
and I need to know
that youl be there to keep me strong
just take a second of your time and calm me down
feel this emptiness
oh I need someone around
someone around
someone around tonight
Jesus Christ
save my life
Jesus Christ
save my life
say the word
breathe on me
make a good man of me
