

Gemma Hayes, Ran For Miles

Well I got myself a new day
And I got myself a second chance
So I headed to the bus stop
And the sun, the sun was warm on my back

Today I ran for miles
Just to see what I was made of

Today I ran for all that was mine

Well I got myself a song inside
And I got myself some full blown daylight
Wanna tell you just how hard it's been
Trying to talk myself out of jumping

Today I ran for miles
Just to see what I was made of

Today I ran for all that was mine, yeah

Today I ran for miles
Just to see what I was made of

Today I ran for all that was mine
Just to see what I was made of

Today I ran for all that was mine, yeah
