

Gene Clark, Dixie Flyer

She's the daughter of the South
Honey in her mouth
She got magnolias in her hair

If you take her for granted
She'll take all you love
She's a Southern girl
She just don't care

She is looking for someone
Someone to love her
Somebody, somebody, please care

She went all the way to Memphis
On a wing and a prayer
Come on fly me away, fly me away
Fly me away, Dixie Flyer won't be back today

Fly me away, fly me away
Dixie Flyer won't be back today

SOLO

She got the magic in her eyes
Honeysuckle thighs
She got magnolias in her hair

Take her for granted
She'll take all you love
She is a Southern girl
She just don't care

She is looking for someone
Someone to love her
Somebody, somebody, please care

She went all the way to Memphis
On a wing and a prayer

She went all the way to Memphis
She went all the way

Come on fly me away,
Fly me away fly me away Dixie
Flyer won't be back today

Fly me away, fly me away
Dixie Flyer won't be back today
