

# Gene Clark, Dixie Flyer

She's the daughter of the South  
Honey in her mouth  
She got magnolias in her hair

If you take her for granted  
She'll take all you love  
She's a Southern girl  
She just don't care

She is looking for someone  
Someone to love her  
Somebody, somebody, please care

She went all the way to Memphis  
On a wing and a prayer  
Come on fly me away, fly me away  
Fly me away, Dixie Flyer won't be back today

Fly me away, fly me away  
Dixie Flyer won't be back today

SOLO

She got the magic in her eyes  
Honeysuckle thighs  
She got magnolias in her hair

Take her for granted  
She'll take all you love  
She is a Southern girl  
She just don't care

She is looking for someone  
Someone to love her  
Somebody, somebody, please care

She went all the way to Memphis  
On a wing and a prayer

She went all the way to Memphis  
She went all the way

Come on fly me away,  
Fly me away fly me away Dixie  
Flyer won't be back today

Fly me away, fly me away  
Dixie Flyer won't be back today
