

# Genitorturers, Guns Are Good

Do you like my shiny steel?  
Let me show you what it can do  
Show me yours, I'll show you mine  
Get a little closer let it blow your mind  
You're standing there looking at me  
Lick your lips as you wonder how good it can be  
So much sin, so little time  
Come a little closer let me strap you mind to a chair  
If you dare  
Cause there are no rules and there are no rights  
Bow your heads and fall in line  
Penitent as you can be  
Penitent as you can be  
Penitent as you can be  
Ya took a switch as you turn a dirty trick for me  
While pushin you to level 3  
I stuck you and I showed you how to jerk for me in a chair if you dare  
Cause there are no rules and there are no rights  
Grab your guns and fall in line  
Fall in line  
Guns are good and guns are great to kill the people that you hate  
You're standing there looking at me  
Lick your lips as you wonder how good it can be  
So much steel, so little time  
I thought I caught you checkin out my slick Tech 9  
So stare, if you dare  
Cause there are no rules and there are no rights  
Grab your guns and fall in line  
Guns are good  
Guns are good and guns are great to kill the people that you hate
