

Gentleman, Lack Of Love

More love, need some more love, more love, need some more love
The evil need some more love
More love

Love is the foundation no segregation,
One Love to de nation.

[Chorus]

There is a lack of love ina we society
kindness it seems dat a no priority
but never let it go
strength to your weakness find some forgiveness
there is a lack of hope ina we community
manfusion a run the vicinity
you got to let it go
strength for you weakness find some forgiveness

So Love,
because we only know love
all we need is more love, we gotta
Show Love
because we only know love
give the children more love

from the powers that be we demanded
justice and equality like jah command it
four corners of the earth man a chant it
lots of love seed come make we plant it

So why are you fighting thats war
why cant we be living up
?
in senseless killing

[Chorus]

Me said that ? of the children
we told the future
right on the violence we killing out the youths ya
let the joy in your heart bind the times
respect the each others ?- would you give a different sign -?
Inserting your power on the people,
why dont you raise up the morals of our people?
Like we all say its good over evil
?

[Chorus]

the greates gift is life eternally
and what you sow is you reap abundantly
it's your deeds in life deminds your identity
and identity determines who you got to be

So Love,
because we only know love
all we need is more love, we gotta
show Love
because we only know love
give the children more love

if we could recognize hypocrisy
and the way how it affects our destiny
misguided by ficticious tales of history
why you breakin down the branches of the wisdom tree

(So Love)

[Chorus]

There is a lack of love in our society.
Kindness it seems that's a no priority,
but never let it go...

More love, need some more love, more love, need some more love
The evil need some more love
More love
