Words of righteousness, come full with blessing  
Give Jah the praise, just can't forget it  
He is always there, from beginning to ending

Yes we a go do it you nuh see life sweet  
So we hafi love we hafi chant cleanheart a do it  
Righteousness we a go seek (repeat)

God a want peace and love and unity  
Happiness is what jah jah want in the community  
I see dem a war but that ain't nothing new to me  
I have god jah and there is nothing they can do to me  
I'll be true to you and you'll be true to me  
I give love to you and here is what you can do for me  
Love you neighbour too  
As it is said in Deuteronomy  
Love is what jah want and that's the way it gonna be

Chorus (repeat):

Jah nuh want fi see none a him children a struggle  
Jah nuh want fi see none a him children ina trouble  
Do good now and I say do it on the double  
Add a little senserity to the pot and make it bubble  
Pack up wickedness and put it one side  
The road of corruption nuff dem a ride  
Me see she dem run but me know dem can't hide  
From the eternal father who is always our guide

Chorus (repeat)
