

George Benson, Feel Like Making Love

Strollin in the park, watching winter turn to spring
Walkin in the dark, seein lovers do their thing

CHORUS

Thats the time I feel like making love to you
Thats the time I feel like making dreams come true

Oh baby

When you talk to me, when youre moanin sweet and low
When you touch my hand and my feelins start to show

CHORUS

In a restaurant, holdin hands by candlelight
When I'm touchin you
Wanting you with all my might

CHORUS

Strollin' in the park, walking in the dark
That's the time I feel like making love
When you talk to me, when you're touching me
Making my dreams come true

Strollin' in the park, walking in the dark
That's the time I feel like making love
When I talk to you, when I'm touching you
Making my dreams come true

CHORUS
