

# George Huff, Brighter Day

We believe that there will be a brighter day  
Hooo aahh  
Situations tend to weigh us down  
And it's easy to let 'em steal your joy away  
It's always when you are the closest to  
Almost getting through  
Change seems far away

Everyday we livin'  
Problems all around  
Things you can't brace yourself for  
(And then tomorrow's another day)  
I know that it ain't easy  
(No way)  
To smile and hide the pain  
Oh, I've been there before  
So I'm telling you

[CHORUS:]  
When you've had enough  
You wanna give up  
We believe that there will be a brighter day  
Seems you can't go on  
Just stay strong  
We believe that there will be a brighter day  
[END CHORUS]

There are times when  
You can't take no more  
Seems like every door's locked and can't be opened  
Your doubts of dream's ever coming true  
Can discourage you  
But you need to see that

Everyday we're livin' (there is) problems all around  
Things you can't brace yourself for  
(I know it ain't easy)  
I know that it ain't easy  
(No way!)  
To smile and hide the pain  
Oh, I've been there before  
So I'm telling you!!

[CHORUS]

Goals are nearer  
Things are clearer  
Now you finally see  
(It's gonna make you wanna say)  
All my problems they've been solved  
And days look brighter to me

[CHORUS x3]  
until end then fade...
