

George Jones, You Can Have Her

Well you can have her I don't want her she didn't loved me anyway
She only wanted someone to play with but all I wanted was a love to stay

When you're stuck with the wrong woman there ain't that much that you can do
You just dig a hole and crawl right in it then you pull the ground right over you
Well you can have her...

The girl I love she upped and left me she ran away with my best friend
Comes home at night for just for an hour when daylight comes she's gone again

Well life without love is mighty empty but confession is good for your soul
I'd rather have love for just an hour than have the world and all of its gold
Well you can have her...
Now you can have her...
