

# George Maple, Kryptonite

I'm outta MY MIND  
You're under my skin  
Baby, I like it  
I'm in too deep  
Forgot to swim  
Baby, I like it

And I know you notice it  
It's just sexuality  
Why are we fighting, baby?  
I think I'm your kryptonite  
Baby, your only vice  
Let me inside  
You don't have to hide here

Cuz I'm on my way  
Why don't you just come my way?  
Losing all my self-control  
Let my body hear your song  
Cuz I'm on my way  
Well just come my way  
Touch me like I know you can  
You don't have understand

I'm out of my soul  
With nothing to hold  
Can you hear me>?  
I jus need a partner to finish what I started  
Can you help me?

And I know you notice it  
It's just sexuality  
Why are we fighting, baby?  
I think I'm your kryptonite  
Baby, your only vice  
Let me inside  
You don't have to hide here

Cuz I'm on my way  
Why don't you just come my way?  
Losing all my self-control  
Let my body hear your song  
Cuz I'm on my way  
Well just come my way  
Touch me like I know you can  
You don't have understand

I know you can /6x

Coz I;m on my way  
Don't you like it?  
/3x  
I;m on my way  
What you waiting for?

Cuz I'm on my way  
Why don't you just come my way?  
Losing all my self-control  
Let my body hear your song  
Cuz I'm on my way  
Well just come my way  
Touch me like I know you can  
You don't have understand
