## George Michael, A Last Request (I Want Your Se

Time for bed So i sit, and wait For that gin and tonic To go to your head

I know It's a devious plan But it's the only way that i know To get those big bad car keys Out of your hand

You know
That i remain a gentle man
But even so
There's only so much
A gentleman can stand
Sleep with me
Oh sleep with me tonight

My cards are on your table My dreams are in your bed If i was able I'd be there instead

Sleep with me tonight
