

George Morgan, Hardest Easy Thing

I listened when they said that things about you
And when they told me I should leave you on the run
And they said just walk right out there's nothing to it
But it's the hardest easy thing I've ever done

It seems some poeple have no feelings at all
For them to break a heart is some sort of fun
Well I'm afraid that's not my way of thinking at all
Cause it's the hardest easy thing I've ever done
(fiddle)

Ever since I left blue tears have fallen
My friends say just forget her dry your eyes
And it sounds quite simple when I hear them say it
But it's the hardest easy thing I've ever tried

It seems some poeple have no feelings at all...
Yes it's the hardest easy thing I've ever done
