

George Strait, Fallin In Love

Without a warning
You're out of control
The ground shakes and the oceans roll
This is the big one
There's no where to run

On the Richter scale of love and romance
You've hit a 12 and you don't stand a chance
This is the big one
You're fallin in love

Now it's beat, beat, beat my heart

Sendin out a message
Please, Please, Please, don't save me tonight
S.O.S in this situation means
She's Out of Sight

No need to panic
I tell myself
But I've never felt this feeling with anybody else
This is the big one
I'm fallin in love
