

George Strait, Merry Christmas Strait To You

It's Christmas time I see the lines of people everywhere
Trying to pick out the gifts that show how much they care.
It makes me wish that I could see my friends on Christmas day,
And fill my list with lots of gifts, but I can only say

[Chorus:]

Here comes a Merry Christmas Strait to you.
I hope it cheers you up when you are down and feeling blue.
Right or wrong, I'll sing my song and you will know just who
Sends a Merry Christmas Strait to you.

There's lots of ways to share the days of Christmas with your friends
A Christmas card, a tree to star, the gifts that make you grin.
I'd like to share this song with everyone who came our way.
Without a doubt the fire's not out, it burns for you today.

[Chorus:]

So here's a Merry Christmas Strait to you.
I hope it cheers you up when you are down and feeling blue.
You've been so kind, you've crossed my mind
And nothing less will do.
Here's a Merry Christmas Strait to you.

Here comes a Merry Christmas, and to all who might have missed us
A very Merry Christmas Strait to you.
