

George Thorogood And The Destroyers, Get Back

I been standin' on your decision
One less mistake
Honey, come with me
Honey, come with me tonight
Let's get back into rockin'
And everything'll be alright

Honey, listen to me
Listen to me, what I say
That you're the only one
The only one I'm here with today
So let's get back into rockin'
Rockin' the night away

Why don't we get back into rockin'
Get back into rockin'
Get back into rockin'
Rockin' real slow
Why don't we get back into rockin'
Let the rest of the world roll on

Come on are you with me
Tryin' to get my message through
Yeah, I hope you want me
As bad as I want you
Get back into rockin'
And all of your dreams come true

Why don't we get back into rockin'
Get back into rockin'
Get back into rockin'
Rockin' real slow
Why don't we get back into rockin'
Let the rest of the world roll on

Come on are you with me
Tryin' to get a message through
Yeah, I hope you want me
As bad as I want you
Get back into rockin'
And all of your dreams come true

Why don't we get back into rockin'
Get back into rockin'
Get back into rockin'
Rockin' real slow
Let the rest of world roll on

Why don't we get back into rockin'
Get back into rockin'
Get back into rockin'
Rockin' real slow
Why don't we get back into rockin'
Let the rest of the world roll on
Why don't we get back into rockin'
Let the rest of the world roll on
Get back into rockin'
Let the rest of the world roll on
