George Thorogood & The Destroyers, Gear Jamr

Running my rig around ninety-five, Rockin' and rollin' in overdrive My heart's beating like a jackhammer, It's the midnight ride for the gear jammer

Nine long days through twenty-three states, I gotta see my baby soon you know I just can't wait The police catch me I'll end up in the slammer, 'Cause the law don't want no gear jammer

Running my rig in a mighty high gear, I don't care where I go just long as it ain't here Something gets in my way you know I'm gonna ram it, Nobody fools around with this gear jammer

Running my rig about ninety-five, I'm a-rockin' and a-rollin' in overdrive My heart's beating like a jackhammer, Don't you get in the way of this gear jammer
